Here is further news about the ongoing effects of the coronavirus. We are sending you a long article on this whole global issue in a few days.

- Donald the TRump met with the Communications Minister of Brazil who (it has been revealed) has the coronavirus. Trump refuses to be tested, but he might well have caught the virus. If he has the virus he will spread it to the whole White House. Imagine that. US politics will really go through a revolutionary change.
- The US primaries have been 'rigged' by the Democratic Party in order to knock our Bernie Sanders. But Biden has memory loss so he might have to pull out sometime. And then..? See the Great Drama unfold and prepare for huge surprises. If Wall Street goes so does the US economy, and then..?
- The PM of Canada (Trudeau) has had to go into quarantine as his wife may have the virus.
- EU flights to the US have been stopped for a month (or more?). Airlines and tourism are taking a huge hit. Many airlines are going in. Hotels and Tourist Resorts too. All good news. Time to THINK and LIVE as Human Beings and not run here and there seeking ..what?
- Many Universities in the US are only conducting courses Online as they close down to normal attended classes. So too schools in many countries. All good news. Small intimate groups of people will become the new order of the day - Saturn moving into Aquarius on March 23 is connected to this.

**2020.03.06.**

We have just seen a UK Channel 4 interview with Dr Richard Harchet (one of the world's foremost experts on infectious diseases) and he says that up to 50 to 75% of the global population might well be hit by the coronavirus which he says is one of the worst viruses he has seen re its quick spread of infection. He says if this becomes a pandemic (which is already happening) this can be compared to a war situation. So it is recommended by him not to shake hands with people (he recommends the elbow shake) and we recommend all of you create essential oil spray bottles (and essential oil hand sanitisers) and take them waverith you everywhere. This virus is going to bring down the economy (airlines have already lost \$100 billion, and Flybe airlines [UK] has gone bankrupt). Soon schools and universities might have be closed (This has already occurred in Italy). Etc, etc, etc, etc. This is what the Pluto-Saturn conjunction was about - the hit on the global economy will be the result. No apologies for not seeing this - we had no way of seeing this coming. Keep informed via News/UTube. Be very vigilant. The Pisces Full Sun-Moon Cycle is going to reveal a lot more about this destined 'death-rebirth' global scenario. It has to be something that would break the old corrupted world order, and coronavirus is the something.
