

## **The Coronavirus – How it is Spreading into a Pandemic and its Connection to the Saturn-Pluto Conjunction Plus Preventative Measures**

- \* The first outbreak of the coronavirus was in fact in **January** at the time of the Conjunction
- \* The conjunction was/is in the **6<sup>th</sup> ‘house’** of its birth chart, which is governed by **Virgo (the 6<sup>th</sup> sign)**, which governs the ‘purification’ process (nationally/globally/personally), which is also connected directly to **illness, health and healing** and thus to ailments/diseases/and thus to viruses, etc, and also to the relationship between the **human and animal kingdoms**.
- \* The virus ‘jumped’ from ‘alive’ animals (a fruit bat to a cat) to humans in a Chinese ‘wet animal market’ (containing chickens/ducks/pigs/cattle/horses/donkeys/snakes/bats/rats). People buy these alive animals and they are then killed and taken home to eat. Animals are treated with complete horrific disdain in China (and in all countries) and this is the central ‘cause’ of the sars and coronavirus outbreaks. This ‘cause’ (of such viruses) has been completely ignored by the media, etc, as they focus solely on the ‘effects’ (This is the essential catastrophic problem of allopathic medicine and societal problems at large. Focus on ‘effects’ and not real ‘causes’. The ignoring of the ‘cause’ is the shadow and Pluto = the Shadow). Deal radically with and change the ‘cause’ or else the effects carry on. The same goes for all problems/diseases of human society (Bats were also the cause of the ebola virus, and bats are creatures of the underworld).
- \* The **Rising Sign** of the conjunction was/is **LEO, ruled by the Sun**, and the Sun was also in the conjunction in the 6<sup>th</sup> ‘house’, and the virus is called the ‘**corona**’ virus. It looks like the corona of the Sun, and the corona represents the outer (ego) body of the SUN. Ultimately the lower ego is the problem of all human problems, and this is the deeper symbology and meaning of the coronavirus as a ‘purification’ process. The terrible treatment of the animal kingdom by all nations (humans) is part of this equation. Time for **vegetarian/vegan diets** to take over, but diet is only one solution, for it is the lower self itself as a whole that is the real problem. China never deals with this animal to human issue (never mind the corresponding issue of the poaching of wild animals in Africa by Chinese, Thai, Vietnamese, etc people, and their African and European helpers). The coronavirus is just a symptom of all the above +++. It is just another ‘warning’ to the human race of what is still to come for the necessary ‘purification>transformation’ of humanity. FAR MORE is coming.
- \* The virus has spread to **40 countries**, including outbreaks in Iran, Japan, S Korea, Thailand, Italy, Spain, Austria, US, UK, etc, etc, etc. It is obvious that it cannot stopped for a good while, and it will become a pandemic if this continues. It will take at least a year for an anti-virus. Milan, the major city of N Italy is literally on lockdown (as are various areas of China, and these lockdowns will continue to expand as the virus spreads).
- \* The **economic effect** of the virus is massive (as we indeed predicted in our original article on the virus). All forms of travel and especially air travel/airlines and cruise ships have been hit very badly (in February air travel to and out of China is down 80%. Over 200,000 flights have had to be cancelled). The tourist industry is in dire straights as few people wish to travel to any countries hit by the virus. So too the food/catering/restaurant/etc industries. The entire business industry too as China produces 20% of all global manufacturing (in all areas, including IT, cars and car parts, clothing, shoes, household goods, etc, etc, etc, etc). Wall Street took a huge dive (losing over 3% of its value) and all Stock Markets are going down due to fears of how the global economy will be badly hit by the spread of the virus. The US Health Dept has issued a warning that the virus is bound to spread in the US and once this occurs, well.....the US economy will take a huge hit, and if one Stock Market falls so too do all Markets via the IT domino effect. Just like 2008, and the global economy (and national economies) are in a far worse state then 2008. For example global debt is around \$250 trillion, and the dangerous derivative market is worth \$174 trillion, and if this market goes down all goes down economically.
- \* **So the coronavirus was/is the direct initial hit from the Saturn-Pluto conjunction in January.** It will be the medium through which the economy will be hit and go down (See our article on the

**Jupiter-Pluto conjunction on April 5** and the article on the **prophecies** from 'Revelation' which we just sent out). Global/National/Human 'purification>transformation' time.

\* As the various crises worsens and fear and panic increases the 'false messiahs' will come out with their emotional-based scaremongering. These will especially be the Evangelical Christian cults (they are 'cults') who are all emotionally-polarised and fail completely to understand the prophecies of the Christ and 'Revelations' (Which is symbolical in meaning, and without a deep understanding of symbols cannot be understood, and is taken literally by these self-deluded sects. For two good examples: The **Four Horsemen of the Apocalypse** are the four unfolding facets of **New Revelation** [the literal meaning of **Apoca-lypse** from Greek]. These will manifest as so-called 'disasters' (literal meaning from Latin '*to be separated from the Stars*' or from Higher Consciousness), as for example the coronavirus, and economic meltdown, natural man-enhanced disasters and plagues, etc. But these are part of *updated Revelation* (apoca-lypse) for they are saying '*Time for purification and transformation and new revelation – as the Age of Pisces 'dies' and the new Age of Aquarius is 'born'*'. Then we have the symbolical revelation (in Revelations) of the **New Jerusalem** {the **City of Peace**}, whose four-fold foundation is composed of the **Bull, Lion, Eagle and Human Angel**. These are the symbols of **Taurus, Leo, Scorpio and Aquarius**, the four zodiacal signs of the 'fixed' Cross of the Zodiac. The 'fixed' Cross is called the **Cross of (the Evolution of) Consciousness**, or what we call **Christ or Soul Consciousness**, and Soul/Christ Consciousness **IS** the (Inner) **City of Peace – Jeru-salem**. It is not 'out there' in Israel – IT is 'In-Here' - 'Here-Now' - The Human Soul). New Revelation – Apoca>lypse.

\* **How it spreads and Preventative measures:** The virus (like flu) effects the lungs/chest/nasal passages and moves from humans to humans via saliva/coughs/sneezing/and places virus carriers touch (like doorknobs/staircases/tables/etc/etc). Therefore it is important to **wash hands** often if one goes out into the public domain. Carry **essential oils** and use on ones hands and face (nose area). **Lavender/Rose** are the best oils in this regard. **Rosemary** and **Juniper Berry** are also good but only on the hands (Dilute oils if necessary with base oil. 1 to 9 ratio). Also carry around a strong **essential oil spray bottle (rosemary/eucalyptus)** to spray tables, etc if you go out. Up to you if you want to stock tinned food, etc as the virus is going to spread (At this stage S Africa has not been hit).

\* PROPHECY of the End of Days/of the Age of Pisces is coming true. WE NEED TO BE DISCIPLES OF AQUARIUS – of the NEW FUTURE/NEW REVELATION for REAL SAFEGUARDING – TO KEEP ALIGNED TO ONES SOUL/HIGHER SELF/CHRIST SELF. Nothing to do with Christianity or old religions – but with Soul/Christ/Jerusalem Consciousness. The Avatar of Aquarius is on His Way (and coming for All Humanity) and we are also all our own individual Avatars. The old world/human race must die for the New World/Humanity to be born.
