Introduction

As most of you (hopefully) know the *outflow or wave out* of every Full Sun-Moon Astrological Cycle (once a month) reveals the energy and knowledge and revelation of that particular astrological Archetype in relation to the time (date/year) and circumstances in question. So obviously the **Pisces Full Sun-Moon Cycle of 2020** will be different to 2019, etc. **IF** we are *conscious and attuned* to these Cycles and Energy Impacts we will obviously receive more clear information and understanding of the Zodiacal Cycle in question. We *attune* to these Cycles every month and over the annual cycle itself (Beginning March 21 when the **Sun enters Aries**, the 1st sign, to the **12th and final sign Pisces** – now). In fact this is and will be the revelation of the *new Soul-Based science of Planetary Astrology*, which is quite different to more traditional forms of personal-based astrology (A few weeks ago I tried to explain this to a traditional astrologer in S Africa but she did not catch this difference. As the saying goes the *'level of consciousness determines what we perceive, understand and communicate'*).

Over the **outflow of this Pisces Full Sun-Moon Cycle (March 9/10/11/12)** I 'realised' the following in terms of the Coronavirus and the ongoing economic meltdown of the old corrupted economic system (Both situations are connected directly to the **Pluto-Saturn-Mercury conjunction in Capricorn**. **Saturn** represents the old crystallised corrupted system, while **Pluto** represents the 'forces of the underworld' that are bringing down and radically transforming this system). Coronavirus is a virus (or *living elemental*) from the underworld. It was activated when it 'jumped' from a fruit bat to a civet cat to a human in a Chinese 'wet' animal market. And this disgusting insane cruelty to the animal kingdom is now reaping its dire consequences. Since that time in January [the date of the conjunction] China has closed 20,000 such markets. The fact that these 'wet' markets were even allowed to exist says it all about this disgraceful way of treating animals, many of which are poached from countries like S Africa and S America, etc. **IF** (as some say, including the Chinese, Russians and Iranians) the virus was 'weaponised' by the US Government and Military [one can put nothing beyond these psychopathic lunatics] it makes no difference. It is a pandemic and the US will suffer the most due to its political>economic>military insanity and complete cut off from sanity, nevermind divine Law. It is said that the US may already have 50,000 to 100,000 virus infections, and Trump and Pence have been in direct contact with virus carriers from Brazil, etc. Big Surprises and Shocks are on the way (In February dumb Trump gave one of his idiotic speeches to his equally dumb-minded followers in which he bragged that the US only had 15 people with virus infections, and that this would decrease to 5 in a few weeks. Now he says the US has a national crisis and blocks all travel to the US from Europe, etc. He has thus directly contributed to this national crisis and should be in jail not sitting in the White/Dark House sprouting dangerous nonsense, but maybe many Americans are plain dumb).

Firstly an **economic meltdown** would not have stopped this corrupted economic system as the super-rich and rich and the global corporations would have actually benefited from this meltdown as they have much of their money secreted away in safe financial tax-evasion havens. It is said that the amount of money in these tax-avoidance havens is around \$50 trillion and maybe much more. Since the last financial meltdown in 2008 the super-rich and rich have added around -+ \$21 trillion to their over-stuffed pockets, much of it secreted away in these corrupted safe havens (Virgin Islands, Jersey, Cayman Islands, Panama, etc, etc, etc). Around **50% of these havens are British owned**. The British Government and its jolly friends gain a lot of money from these illegal offshore havens. Why billionaires want even more billions is a mystery, outside of the fact that making and having more and more money is as much an addiction as heroin

addiction. Happily they cannot take this money or their material possessions with them when they leave their old diseased bodies (and then find themselves, to their shock and awe, 'alive' and having to 'reap what they have selfishly sown'). So an economic meltdown and depression would not have really brought down the old corrupted system and no real change would have occurred (which is the aim of a Pluto-Saturn conjunction).

Secondly 'something' far more drastic, all-encompassing and over-whelming would be required to bring down the old corrupted economic (political-social-sporting-entertainment-tourism-etc-etc) world. 'Something' that no one could avoid, and would strike wherever and whoever it chose to strike and bring down this old corrupted human world and its systems. 'Something' from the **Pluto underworld** that would 'come out of the dark blue' and take the human race by complete shock and surprise. This is the Coronavirus, a virus that is different to similar viruses in that it spreads itself so quickly and secretly and deceptively that it cannot be detected or stopped (The Coronavirus thus acts like the dark Lodge itself – it has photocopied the dark Lodge and operates behind the visible scenes, spreading itself here and there and everywhere, and no one is safe from it. Donald Trump and V-P Pence met with the Brazilian Communications Minister who did not realise he has the virus and thus they became potentially effected. Trump has refused to be tested as his inflated boy-ego cannot believe that he, the Trump, could be hit by the virus. But no one can escape this **dark Pluto-dancing virus** and if Trump and/or Pence have the virus they will have to 'go into quarantine' and then what? By US law if the President and Vice-President are out of operation [die/diseased/are in two plus week quarantine] Nancy Pelosi, the Democratic 'speaker' of the Congress, becomes President. Big Surprises are on the shocking way. The ego-mad male politicians are been followed by the Coronavirus who is even a bigger trickster than they are (Such viruses emerge from the Pluto/Kali underworld, which is feminine-earth based. It attacks from 'below ground', a well known feminine shadow trick which men are terrified of because they cannot control this. Women know about this – ha ha).

Take the above and add the **complete collapse of the global market-force economic system**, and the tens of millions of large/medium/small businesses that will be directly hit and will go bankrupt (which will create much pain and hardship and trauma for many people), plus the **whole education system** (also corrupt re its brainwashing of children and adult students re the old outdated way of thinking and living), plus the huge effect upon **national leaders and governments** (many will fall), plus upon all **sporting activities** (soccer/rugby/athletics/Olympics/etc - without the watching crowds is not really worth watching or even playing as the atmosphere is missing), plus the huge hit upon the so-called **arts** (theatre/film/hollywood/music/fashion/exhibitions/etc), plus on **tourism** (and thus too hotels/B & B's/tourist resorts/the tourist food industry/etc/etc), plus on **airlines/cruise ships/etc**, plus all **conferences**, etc, etc and we can see the whole ediface of the old humanity falling apart.

Now this might seem to be a terrible and very painful scenario (which in one way it of course is) BUT how else will the old outdated crystallised corrupted human world change? The real extent of this corruption and all the pain and suffering it causes is beyond all human imagination. In fact the worst effects of the coronavirus are nothing in comparison to these effects (re wars and their horrific effects, diseases (cancers, AIDS, etc), global mafia's, sex trafficking (see the Jeffrey Epstein case – no one has yet been arrested and imprisoned, and this is not at all the worst case of such trafficking), the drug trade, the weapons industry, the treatment of the animal kingdom (domestic/the meat industry, and the poaching industry – rhino's have been devastated in S Africa as a whole, and elephants too, and this is only the tip of the poaching iceberg; 'Wet' animal markets exist throughout Asia and not only China). And all the above is still only the tip of the corrupted iceberg. What about coal mining and the fossil fuel industry that is the main cause of catastrophic Global Warming and Climate Change? What about the way 1st World Governments and multinational companies blackmail 2nd/3rd World Countries? Africa as a whole pays out more money (to banks, IMF, World Bank, etc) than it receives from banks, NGO's, etc. The UK has Pakistani and upper white-class sex-trafficking rings that traffic huge numbers of girls and women. And so on, and so on.

People ignore all the above as if it is...well...beyond control...but it is **totally out of alignment** with the way humanity is supposed to live according to divine Law. There IS **divine Law and a divine Plan**, and humanity has to change radically to come into right alignment with this Law-Plan, and this cannot occur without this old, outdated, corrupted human world being destroyed. **Pluto** is the planet that is governed by **Ray 1 – the Power to destroy illusion and thus too corruption**, and this is the Purpose of the Pluto-Saturn conjunction. So what is happening re the coronavirus pandemic and economic meltdown (etc, etc) has to happen, and is destined to happen, and will **continue to happen** until this destruction has done its required Work. As Mikhail Gorbachev once said '*Before there can be perestroika [reconstruction] there must first be destruction*' (It took him 7-years to destroy the old Soviet Union). If the coronavirus is contained (it will not be) another virus will take over, for humans cannot control what is happening as it is **destined Time** for the

old (Pisces Age) world to **die**. This dying-death-completion process will continue until 2025 although 2020 will be the year that already brings this old corrupted world down.

Perception is the Key and the Cause – Either Wrong/Lower or Right/Higher Perception

And here is the vital factor in the above scenario. The underlying cause of all this manifold corruption (gross and subtle) is the **lower rational mind and its ‘perception’**. Lets take an important historical example, which remains the same today. The German/Nazi regime ‘rationalised’ why it had to go to war and create the Concentration Camps to kill off the Jews (and Gypsies, Left-Wingers, Slavs, etc, etc). To the Nazi’s this was plain ‘common [lower] rational sense’. Paradoxically the Death Camps did not kill off the Jews (and others) and was the cause behind the Jews getting Palestine as their Homeland (A strange paradox indeed). So what did the Jews do as a result of their great suffering and getting their Homeland? They booted the Arab Palestinians (who had lived in Palestine for hundreds of years) out of their villages and homes and drove them into exile (Just as numerous nations had driven the Jews into exile). Since that time the Jews/Israeli’s have persecuted and murdered the Palestinians because, **rationality**, they have to do this to ‘protect themselves’ (This is the same **rational-minded excuse** many nations gave for persecuting the Jews). We know a number of religious Jews in Johannesburg who approve fully of this persecution and murdering and they all give fine ‘rational-minded’ reasons for this ‘crime against humanity’). The Germans and Jews both have well-developed **lower rational minds**, as do many people/nations in the modern era, but people do not realise that there is a **Mind>Perception** that is beyond the lower rational mind. The lower rational (dangerous) mind is the ruler of today’s humanity and its political>economic>social, educational, military and religious system(s) and this is why people cannot see beyond it – cannot see that there is anything beyond and far better than this dangerously corrupted mind and system.

In other words this lower rational mind and its lower (material-based) ego-perception is the real big problem, and it has to go down. The coronavirus and the total economic (etc, etc) meltdown is necessary to ‘bring this mind down’ for the **rational mind cannot control the coronavirus or the meltdown**. It is said by some that there is no antidote for this form of coronavirus and no matter how much money (many billions) is spent of trying to find this anti-virus it will not work. This coronavirus is the **Great Feminine-Earth Underworld Trickster** (Pluto/Kali in deep subtle operation) – it is too feminine-underworld-devilish clever for the masculine lower rational mind, and it is going to bring down the whole man-made edifice (which far too many women have fully supported). And Thank God/Goddess for That. Thank You Miss Pluto/Kali Coronavirus. Thank You for your Devious Grace. Your very Naughty Slippery Disruptive Nature. Mother Earth is, at last, doing the ‘reaping of what has been sown’ (Remember Mother Nature/the Trees doing this in The Lord of the Rings). **The lower rational mind and fear go together**, for if this mind feels threatened it obviously produces great fear and insecurity, and literally all the media attention given to the virus and economic meltdown is based around rational-minded perception and fear. The subtle causes are not even thought about. Only what is happening **above ground**. The lower rational mind could actually start a 3rd World Nuclear War and make rational excuses for why it is necessary. 9/11 was instigated by the US and Israel in order to torment ‘ever-ongoing war’. This was rationalised by these lunatics, and they knew that no one (especially the political classes and their media) would believe that they had instigated it. So they got away with it. Now they will pay the deadly price, as the Coronavirus seeks them out and their economic agenda collapses all around them. No more air travel, no more hotels and fancy tourist resorts, and the banks will soon go too. What use billions when you cannot travel or go to fancy restaurants or mix with family or friends or watch the Olympics, etc? A micro-small invisible virus will be the victor. But everyone needs to radically transform their thinking, perception, planning and living and not only the 1%.

The fear and panic that coronavirus is bringing about is actually **required** to bring about the economic meltdown and its all-encompassing effects, for ‘fear’ has been/is the main weapon the dark Forces use to attempt to imprison the human race, so now ‘fear itself’ is backtracking on its dark rational-minded adherents and bringing about the coronavirus>economic collapse. The virus does not pass by politicians and rich people, etc. And many of the men who form the core of the deep dark state (in all nations) are in fact ‘old’ and thus susceptible to dying from the virus. They know this so they must be very afraid, although they will of course not admit this to anyone. **Hubris**. All in all it can be Seen (with the deeper/higher Mind>Perception) that what is happening, despite all the painful repercussions, is necessary to bring down the old world. **The 2020 Drama needs to be Seen in this way**. It needs to be Seen beyond the rational way in which it is normally seen, for the (lower) rational mind cannot perceive Causes but only effects and gross causes. The spread of fear and panic (although the Great God Pan is not in panic) is what is necessary to

bring the whole old corrupted system into meltdown and collapse. The great Reaping of what has been sown is now happening, and has to be Seen in this context. The lower rational mind>perception, and thus too fear, has to be put aside. This IS the Way of Protection – the automatic Way of Alignment to the Mind of the Soul (The Christed Mind. The Buddhic Mind). Great Minds/Thinkers are required (the symbol of Perseus/Hercules/Theseus – male-female Hero-Warriors/esses). **No fear – only Attention.** In the **Perseus myth** it is these Hero-Warriors who are **preparing themselves** (via facing/killing the three-headed ego-dog and the snake-headed Medusa – symbols of the lower self and its ignorance, fear and excessive desires) to finally **rescue Andromeda** the Beautiful Princess (symbol of the Soul), just before **Cetus**, the sea-monster, let loose by Pluto, devours Her. Good to Think about This (Thank You Genoa for informing us about Cetus, and that the Kraken is not actually related to this myth, outside of Hollywood's false interpretation). The opposite of ego-based fear and insecurity is **Soul-Based Faith and Trust**, and Inner Security, and as Christ said *'The Peace that Passeth all understanding'*, meaning the Inner Peace and Security that comes from having Faith and Trust, which = LOVE, or Christ/Soul Consciousness. And this is the only authentic **Protection** during times of great crisis. **Being In Attunement with the Soul, the Inner All-Knowing Self, and being Guided by It (not IT) is the only way to Know what and where is safe or not.** IT/Smartphones and the lower rational mind cannot provide any real safeguards. The lower rational mind and its excuse-making perception is being destroyed, but the Higher Deep-Thinking and Intuitive Mind Always Stands Strong and Steady, beyond fear, and In Control.

The Wilderness Experience

As the Tibetan Master DK says about this time *'Humanity is entering the Wilderness Experience'*. 2,000 years ago Jesus entered the 40-day 'wilderness experience in the *desert*', where he was 'tested by Lucifer' (so to speak). **40** is the symbolical-literal number of 'initiation' and humanity has now entered its collective initiation 'wilderness experience'. *Desert* is a symbol for loneliness – for being alone, be it forced and/or voluntary alone, which is part of the 'wilderness experience'. The Coronavirus and economic meltdown (etc, etc) is bringing this about. In this mystical sense the **Darkness/Underworld/Coronavirus/Pluto Meltdown** is the *medium* for this 'wilderness experience' and thus too collective initiation. *'Out of the Darkness comes the Light'* (Thank you to Imogen's inspired Pluto poem). *'Blessed are the Cracked for They Let in the Light'*. Best to view this time as an opportunity to become 'ego-cracked' so that the 'Soul Light can Come In'. The 'wilderness experience' is one in which one becomes 'tested'. Maybe Lucifer (the Light Bearer and ex-head of the Earth's Archangels) *tests* collective humanity, or maybe humanity (and all humans) undergo their own 'testing' by having to face themselves and their own *ego-based ignorance, naivety, fears, insecurities, arrogance*, and their own *Soul/Christ Light, Love, Courage, Sense of Higher Purpose, Trust and Faith, Pioneering Creativity, and Capacity to Serve the Greater Good?* Either way humanity has now entered the 'wilderness testing experience' via the Coronavirus and economic meltdown (etc). But, as DK says, via this experience, learning to **live simply** with far less material desires and possessions, and to learn to **live as Minds**, as **Higher Consciousnesses**, is a great *Blessing, Grace, Glory and Joy*. This is the Grand Life-Adventure humanity has now entered.

The Jupiter-Pluto Conjunction on April 5 and Throughout 2020 – The Great Spread of the Virus

On **April 5** (and twice more this year) **Jupiter and Pluto make exact conjunction in Capricorn**. Jupiter = expansion-spreading out, and Pluto = the rising up from the underworld = the spreading out all over the globe of the coronavirus and economic meltdown. I (Imogen) was informed in meditation that **60%** of the population will get the virus. One in -+ 100 will 'pass on' from it (into subtle forms of life and evolution). Many will be older people who are ill and/or have weak immune systems, and this is no tragedy as passing on for such people can be a great blessing and joy and release (once they leave their old tired bodies). It is very interesting to note that the virus seems to **bypass children** (Is this a symbol of 'children representing the new world?'). **Jupiter normally represents grace, and the forces of the spiritual overworld**, so this conjunction is a **fusion of Jupiter/Overworld and Pluto/Underworld**. Rays 2 (Love-Wisdom) and Ray 1 (Power – in its Plutonic destruction-of-illusion sense). Perception Wise this = **Instinctive>Intuitive Perception**. We will need to Listen to this Deeper>Higher Perception and Obey it. If it says 'Yes' or 'No' in terms of going here or there or doing this or that, etc. Let us all Remember This. Each time Jupiter-Pluto conjunct the virus will spread exponentially beyond human control, but this is a co-operative process between the Forces of the Overworld and Underworld, which is fascinating in itself (and attuned to the Greek Myth). From a religious perspective it is analogous to Christ/Jupiter and Lucifer/Pluto working

together for the greater good of human evolution. There are Mysteries and there are Mysteries. Or, as Rumi says, *'Light and Shadow are the dance of LOVE'*. Only the Higher Mind can SEE-UNDERSTAND This.

Another facet of this Jupiter-Pluto conjunction in Capricorn will be the appearance of 'false messiahs' as **Jupiter** represents religious cum spiritual teachers/guru's/messiahs and **Pluto** represents the underworld and shadow and thus too falsehood and deception. Everyone should be very aware of this (from **April 5** and through 2020) because these false messiahs will be very deceptive and in certain ways darkly magnetic (Trump and Boris Johnson are good examples in this regard). Many ignorant and naive people will sadly fall for these false saviours and will be dragged and drugged back into the Pisces Age. This is nevertheless part of the 'testing' experience. Whether Lucifer himself will appear to do this final 'testing' we will have to see. This is, after all (in reality) Lucifer's Work. Lucifer is not, per se, the **Dark Prince**, for His Name means the **Light Bearer** (*Luci-fer* from Latin), for the real darkness is the human lower ego/shadow. If Lucifer does choose to do this final 'testing' many millions and more will follow Him into slavery because Lucifer is a mighty powerful and super-magnetic chappie. The **Darkness** (Lucifer/Lord of Matter) comes before the **Light** (the Christ/Lord of Love and Light). Some of these false messiahs might be in the political field (Capricorn. Saturn, the Two-Horned Goat man/woman, governs the ego of Capricorn. Venus, the Solar Angel/Soul, rules the Soul of Capricorn). In a sense D the Trump is an all too good example of this type of false messiah (Trump has actually said he is the Messiah of the Jews and the Saviour of the USA). And look how many people, including seemingly intelligent people, have been conned by Trump (In fact if you look closely at Trump's face you will clearly see, in his eyes, the mark of Lucifer). He is darkly magnetic, and when he speaks to large audiences you will see how he is 'taken over' (via his words and arm-hand movements) by a darker force than himself (Just like Hitler). We know a number of people, seemingly intelligent, who have become Trump fanatics. Why? Largely because they have 'holes' in their astral/emotional bodies, and because they are deeply insecure and complexed within themselves, and thus are susceptible to being 'taken over' by such false messiahs (who have the same emotional self-deluded narcissistic problem). So be very aware of this happening from April 5 and do not be fooled.

Inter-Linked Astrological Transits

Now **Neptune enters the 3rd decanate (20 to 30-degrees) of Pisces the last five days of April (and remains there until 2025)**. This activates the sub-influence of **Scorpio and its ruling planets Pluto-Mars**. This = the final battleground or **End of Days of the Age of Pisces**. This will add the 'out of the deep blue' **dissolution>collapse equation** of the old world as **Pisces/Neptune>Scorpio>Pluto-Mars** is connected to this. It will be very destructive in the sense of this very quick and shocking **dissolution>collapse** (keynotes of Pisces-Neptune) and **self-destruction** (Scorpio and Pluto-Mars) of the old outdated human world order. It should be noted that this is 'self-destruction' - in other words it is the 'reaping of what has been sown'. It is not coronavirus (etc) per se – the virus and meltdown (etc) are the 'mediums' for the 'reaping'.

On **March 23 Saturn enters Aquarius** and on **March 31 Mars enters Aquarius**. This will set off the time for a new 'seeding' phase of Aquarius Energy>Activity, which may mean **small seed groups** of people meeting together in local areas to co-create millions of localised support groups and networks and creative projects, in order to face and move through this global crisis and turning point. This might be a forced process, for one of the major repercussions of all the above is the breakdown of the old economic>social order which will force people to live more simply, and to thus co-create local human>spiritual>material support groups. **Mars in Aquarius** = pioneering types initiating these groupings (men and women pioneers) all around the planet.

Interesting to note with all the 'purificatory processes' taking place (washing the hands regularly, sanitisers, essential oil purifiers/sprays, giving up meat, eating less food and more healthy food, boosting the immune system with Vit C/D/B Complex/Iron/Zinc/Sun/Meditation/etc, etc) is very much in tune with the **Saturn-Pluto conjunction bring in the 6th 'house' of Virgo** (= personal/global/national/social *purification*). How many people washed their hands regularly before this crisis (in the home/shops/supermarkets/restaurants/businesses?). Very unhealthy indeed. Thank You Miss Virgo Goddess.

The **Rising Sign of the Conjunction was LEO** = hundreds of millions (maybe billions) of people **Waking Up and Individualising** their consciousness, thinking, choices, actions and way of living (= LEO, sign of the Waking Up>Individualising Process). A true Individual cannot be enslaved. People who follow 'mass [belief] consciousness' are enslaved and can be enslaved. The Trump followers are slaves. The market-force followers are slaves. The followers of man-made religions are slaves. Anyone who 'follows' ego-made systems – political, economic, social or religious is a slave. **LEO says INDIVIDUALISE – and become FREE**. Aquarius is the opposite-complementary sign of Leo - = Individualise Consciousness (become a

Knower and not a believer) and also work creatively in small decentralised groups to serve the greater good. There is a remarkable black (30-year young) S African **Gwen Ngwenya** (the SA Democratic Alliance Party's 'head of policy') who says the following of groups '*There are legitimate and illegitimate groups, defined by two characteristics – voluntary association and the option to leave. If you cannot do these two things it sounds like a pretty oppressive and illegitimate group to me*'. In other words no one can tell someone that they cannot leave any group at any time and/or be censored if they leave the group. Legitimate (Aquarius-based) groups are *voluntary, independent, decentralised and serve the greater good of all the individuals making up the group and the group itself and the larger whole (locality/nation/planet/humanity)*.

So the higher dual-aim of the **Sun-Pluto-Saturn-Mercury conjunction in Capricorn** is firstly (via the destruction and dissolution of the old world order) to *Individualise the consciousness of billions of humans so that they Wake Up to their higher Selves and higher Responsibilities to life*, and secondly for such people to *form into these small localised (Aquarius-based) Support Groups and Networks and serve the greater good of humanity and the planet within their locality*.

'Light and Shadow, and Destruction and Re-Creation are the Dance of LOVE'.

* The **USA** has gone into national lockdown mode. Only gatherings of 10 people will be allowed. Near-all large gathering events (sports/festivals/theatre/film/casino's/conferences/restaurants/etc/etc) have been banned for 8 weeks (and if the virus is still not contained what then?). The **Federal Reserve has lowered its interest rate to 0%** and pumped **\$1.5 trillion** into Wall Street and the big banks but this has failed to save the meltdown, and is only adding a massive amount of extra debt to the already hugely debted US economy. This debt bubble is already popping and about to explode. When (not if) it does the US economy will go into total meltdown and so will the global economy. People will be forced to live very simply and to 'support one another' and co-create positive localised projects/businesses and this will become the seeds of the new economy. All starts with a 'seed' and gradually unfolds into its destined flower. Patience Patience Patience.

* **S Africa** has banned flights into the country from China/Iran/Korea/Italy/Spain/Germany/UK/USA and flights to those countries too. Everyone entering SA will be tested for the virus. **Emergency crisis always brings out the best in humans and nations and humanity. Let us Remember This.**

* **The airline/cruise ship/tourist industries** (hotels/etc) will not recover from this lockdown. Even if some are bailed out by governments (which, by the way, is socialism at work – by capitalistic governments) the coronavirus is not going away (and is not supposed to go away), soa great waste of hundreds of billions that could be used for far more important issues like healthcare, education, etc, etc Modern-day tourism is destroying the eco-systems of the planet and using huge amounts of fossil fuel and chemicals (and food/water/etc) and must be stopped. Coronavirus...climate change...floods...duststorms...wildfires..economic meltdown will stop it. And what will happen when the virus enters the prisons (2.3 million prisoners in the US) and the military? Wars cannot be fought with the virus hitting the military. Soldiers sleep in very close quarters – the virus just loves this. It is NOT war against the virus but against ego-lunacy.

Meanwhile **huge rainstorms, floods and duststorms** are hitting Brazil, the Middle East, USA (Texas), etc.

Very Important: Go to UTube 'Andrew Saul' (and Vit C) and you will discover that, beyond doubt, high-dosages of Vit C (especially powder or injections) is the best natural antiviral. This high-dosage has to be at least 2,000mg to 5,000mg daily. For 80 years this has been known but suppressed by the medical associations and big pharma because high-dosage Vit C could of course replace big pharma antivirals and antibiotics. Start taking **Vit C** and recommend it to all. Even children can take high dosages (1,000mg) quite safely. **Zinc (minimum 15mg daily) and selenium** are also important.

Even more important is the need to Be in a Positive 'Elevated' (High-Vibration) State of Consciousness as this closes off the aura (etheric body) from negative energies, including viruses. But this requires one to do whatever is necessary to be in this State because it does just happen – one needs to activate ones higher Consciousness/Mind via meditation and Positive Thinking, and recognise that what is happening carries Purpose and Meaning, and is meant to and will Awaken huge numbers of humans to their larger Life Purpose and Vocation (from Latin - ones 'Higher Calling'). **Vocation** is not the same as career or profession. Humanity/humans is/are being called to its/their 'Higher Calling' or Soul Work, and this in most cases requires 'careers' to be knocked out for a while. Thus the economic (career/work) meltdown and the birth of a new economic system that will put **Vocation** first and foremost. This is obviously a huge trans>formation.

GOD IS ON THE MOVE.....SOMETHING IS HAPPENING....

The Great Darkness will be followed by the Great Brightness. For Absolute Sure.

And **finally** let us repeat that the ultimate culmination of all that is occurring (re the coming Great Brightness) is the destined **Appearance of the Avatar of the Age of Aquarius**. It is really vital that people 'hold this in their Minds' for this can only occur after the **Long Darkness and the Wilderness Experience**. Without the Darkness the human ego cannot and will not 'surrender', and without the 'surrender' and 'going down on ones so-called knees' (Capricorn governs the 'knees') this Appearance cannot occur for the ego would still be 'in charge' and not the Soul. The ego (or Shadow self) has existed and developed over thousands of incarnations and is very powerful and thus too super-arrogant. It must fall down and then.....
